PARK VIEW NEUROCARE

Specialist neurocare & rehabilitation

Specialist neurocare & rehabilitation

At Park View Neurocare, we enable residents to live with as much independence as possible, through specialist nursing care, therapeutic interventions, lifestyle adaptations and wellbeing support.

Our Registered General Nurses, Mental Health nurses, specialist carers, Wellbeing and Lifestyle coaches, physiotherapists and occupational therapists support people alongside expert independent neurological specialists.

Park View Neurocare's offering is unique to East London, allowing people with very complex needs to be cared for in their community – closer to friends and family.

At Park View Neurocare, people are at the heart of their own care and their own experience. We work hard to provide an environment of possibility and potential, where people can live full, happy lives, maintaining and developing their independence wherever possible."

— NATASHA SHILLINGFORD, HOME MANAGER, PARK VIEW

Park View Neurocare

Long-term complex care and neurorehabilitation for adults

Providing specialist neurocare and neurorehabilitation with a focus on reablement and independence, Park View Neurocare welcomes residents with a range of neurological conditions and symptoms, including:

- Neurodegenerative (Progressive) Conditions, including Motor Neurone Disease, Multiple Sclerosis, Huntington's Disease, brain tumours and Parkinson's disease.
- Traumatic and acquired brain and spinal cord injury and stroke.
- Early-onset Dementias, including Pick's disease, Frontotemporal Dementia and Korsakoff's Syndrome.
- Cognitive, behavioural and emotional difficulties
- Neuro-palliative / End of Life Care for people with a neurological diagnosis.

The 30-bed neurocare suite elegantly combines style and function to create an environment of comfort, possibility and potential.
